

Update for Google Calendar App

Project Presentation

Jessica Edelman
Interface Design: GRDS 387
Professor Holly Quarzo

Why an update?

Biggest pain point of current app: no task list

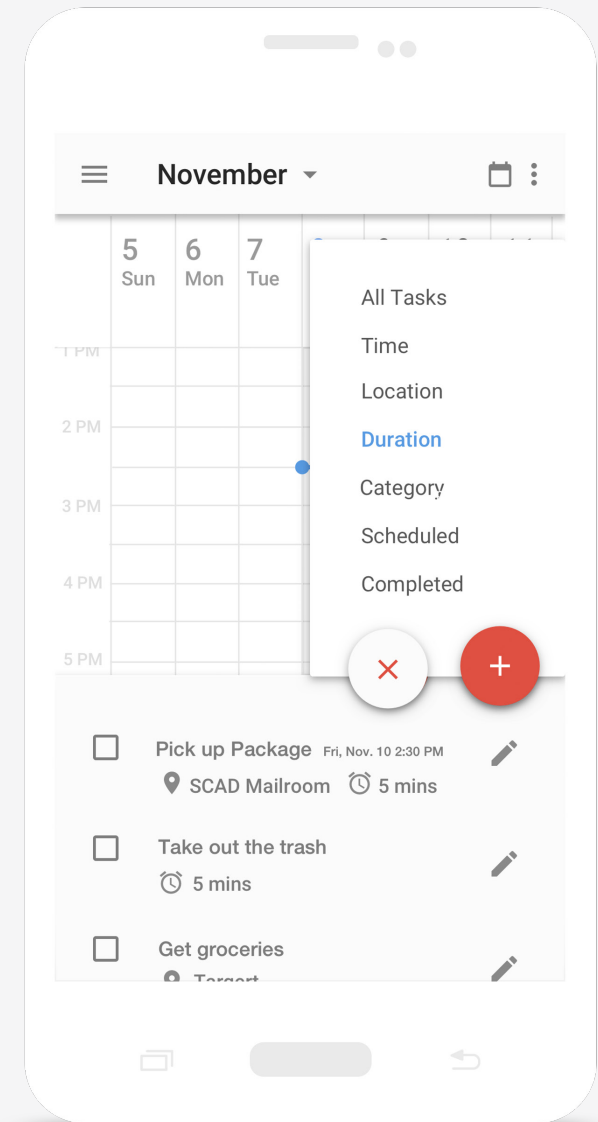

Proposed New Features of update

1. Simultaneous view of calendar and task list
2. Location-specific task reminders
3. Task list filtering
4. Smart scanning

Major Design Decisions

1. App Icon
2. Aesthetic: Google Material Design
3. Filter and Add semi-floating action buttons
4. half-screen task list
5. Link and button colors
